**WE ARE EXCITED!**

September 2014

Since leaving Painter Branch Road we have succeeded in obtaining the property we need to further grow our ministry. By God's Grace and Guidance we were led to the property pictured in this Newsletter. We are so thankful for **His** Presence in our ministry and are trusting **Him** for our growth and our success.

The home located on the property will be used for the Resident Pastor and his wife. The house has been cleaned, painted and new floors thanks to volunteers who contributed their time and money to complete this project.

- \* Call Sandi Underwood at 850-582-0456 if you wish to see the financial reports.

**What are we doing?**

We are still serving men and women who are struggling, we go door to door, where the need leads, until we can open the doors again. We go where they reside, providing the same materials we use on site and providing faith based counseling. Our Wednesday nights continue to serve family's of addicts and addicts themselves. We live by the slogan: "Where God guides, God provides". His provision is evident in all that He has provided. We are moving forward as quickly as possible and are in constant contact with Okaloosa County Growth Management. We covet your continued support and prayer.
